- - - MEETING AGENDA - - -

1. **Welcome & Introductions** (Ryan Cooper/Peter Bonsall/Brian Deaton)   5 min.
    a. **Please use the WebEx chat to enter**:
        i.   Your First/Last Name
        ii.   Your Organization and/or National Trail Affiliation
        iii. Select send to: EVERYONE
        iv.   Your Answer to: ==*What should be our network focus for the upcoming meeting topics and presentations? Will you present or help locate presenters?*== *Are there any topics you'd like to see this group discuss or cover in 2020?*
    b. Meeting agendas, presentations, and notes are uploaded to the PNTS website.

    a. **Announcements & Information from Audience**   5 min.
    a. Additional updates?

            i. **Discussion Topic**   45 min.
    Presenter: Jen Larsen, Klondike Gold Rush National Historical Park, Biological Technician & GIS Specialist

    An overview of KLGO's multi-year project merging GIS and Facility Management Software Systems (FMSS) in Southeast Alaska

    Klondike Gold Rush National Historical Park (KLGO) started the extensive marriage of Facility Management Software Systems and GIS collections along the U.S. portion of the Chilkoot Trail in 2019. The Chilkoot Trail in its entirety spans 33 miles of Alaskan and Canadian backcountry terrain, commemorating the Klondike Gold Rush of 1898. This project included KLGO's seasonal GIS/bio-tech mapping sixteen+ miles of backcountry features, documenting the work of the park's Maintenance Department as they maintain both a world-renown and historic trail system.

2. **Future Meeting Dates & Topics**   5 min.
    a. **October 19, 2021 -** TBD
    b. **November 16, 2021 -** TBD

We always welcome suggestions for additional topics for discussion or presentations.

NTS GIS Network Mission:
We established the NTS GIS Network as a way to connect the diverse array of National Trails System staff and partners who use GIS systems and products in their work. One of our goals is to facilitate the sharing of information and tools that help us do our jobs more efficiently and innovatively. Because the national trails system is managed as a collaboration of agencies and partner organizations, the NTS GIS Network is open to anyone.
