- i. Your First/Last Name
- ii. Your Organization and/or National Trail Affiliation
- iii. Select send to: EVERYONE
- iv. Your Answer to: **What should be our network focus for the upcoming meeting topics and presentations? Will you present or help locate presenters? Are there any topics you'd like to see this group discuss or cover in 2020?**

b. Meeting agendas, presentations, and notes are uploaded to the [PNTS website](#).

a. Announcements & Information from Audience 5 min.

a. Additional updates?

i. Discussion Topic 45 min.

Presenter: Ryan Abrahamsen, TERRAIN360

Digital Preservation and & Immersive Mapping with The Lewis & Clark NHT

During this presentation, you will learn about how TERRAIN360 is working with the Lewis and Clark National Historic Trail to digitize and preserve the Lewis and Clark Journey in an immersive interactive experience. In addition, learn about how the Lewis and Clark National Historic Trail mapping project could translate to other National Trails or public lands. TERRAIN360 provides fully customizable surface-level image maps aimed at pushing the boundaries of interactive cartography and engaging users with a tool that inspires a love of the outdoors and serves as a valuable barometer of the challenges these precious spaces face on a daily basis.

2. Future Meeting Dates & Topics 5 min.

- a. **April 18, 2023** - TBD
- b. **July 18, 2023** - TBD

We always welcome suggestions for additional topics for discussion or presentations. Please contact us with your suggestions using the email address below.

NTS GIS Network Mission:

We established the NTS GIS Network as a way to connect the diverse array of National Trails System staff and partners who use GIS systems and products in their work. One of our goals is to facilitate the sharing of information and tools that help us do our jobs more efficiently and innovatively. Because the national trails system is managed as a collaboration of agencies and partner organizations, the NTS GIS Network is open to anyone.
