--- MEETING AGENDA ---

1. **Welcome & Introductions** (Ryan Cooper/Peter Bonsall/Brian Deaton) 5 min.
 - a. **Please use the Teams chat to enter:**
 - i. Your First/Last Name
 - ii. Your Organization and/or National Trail Affiliation
 - iii. Your Answer to: **What should be our network focus for the upcoming meeting topics and presentations? Will you present or help locate presenters? Are there any topics you'd like to see this group discuss or cover in 2020?**
 - b. Meeting **agendas, presentations** are uploaded to the [PNTS website](#).

- a. **Announcements & Information from Audience** 5 min.
 - a. Additional updates?

 - i. **Discussion Topic** 45 min.

Presenter: Maggie Cawley, Executive Director, OpenStreetMap US.

OSM & Trails: New Collaborations for Responsible Recreation

Sparked by concerns about OpenStreetMap's role in how the public accesses and recreates on protected lands, OpenStreetMap US volunteers, navigation app developers, national agencies and public land managers formed the OpenStreetMap US Trails Working Group in 2021. Bringing together a diversity of perspectives on trail mapping practices, trail safety, and protecting the environment, this group is working to address on-the-ground challenges, tagging schemes, authoritative data, and other topics related to mapping trails in OSM. Learn how this group is collaboratively developing solutions for responsible trail mapping in OpenStreetMap and the September launch of the Trails Stewardship Initiative.

2. **Future Meeting Dates & Topics** 5 min.
 - a. January 16, 2024 - TBD
 - b. **April 16, 2024** - TBD

We always welcome suggestions for additional topics for discussion or presentations. Please contact us with your suggestions using the email address below.

NTS GIS Network Mission:

We established the NTS GIS Network as a way to connect the diverse array of National Trails System staff and partners who use GIS systems and products in their work. One of our goals is to facilitate the sharing of information and tools that help us do our jobs more efficiently and innovatively. Because the national trails system is managed as a collaboration of agencies and partner organizations, the NTS GIS Network is open to anyone.
