Tuesday, November 17, 2026 1:00 pm Mountain Time (12pm PT, 2pm CT, 3pm ET)

- - - MEETING AGENDA - - -

1. **Welcome & Introductions** (Ryan Cooper/Brian Deaton/Cassidy Renninger)
    a. **Please use the Teams chat to enter**:
        i. Your First/Last Name
        ii. Your Organization and/or National Trail Affiliation
        iii. Your Answer to: ***What should be our network focus for the upcoming meeting topics and presentations? Will you present or help locate presenters? Are there any topics you'd like to see this group discuss or cover?***
    b. Meeting agendas and presentations are uploaded to the PNTS website.
    c. Announcements

2. **Discussion Topic**

Presenters:

- Ryan Abrahamsen (Terrain360)

National Trails Panoramic Mapping - a dated 360 record of the national trails, and what to do with it.
Most of what a trail office knows about the condition and viewshed of its route sits in a handful of photos. Terrain360 records the route itself in continuous street-level 360, from a boat, a bike or on foot, with every frame dated and, on a coordinate, and publishes it free online.

Terrain360 has imagery for a number of National Trails, including sections of:
Lewis and Clark National Historic Trail
Overmountain Victory National Historic Trail
Captain John Smith Chesapeake National Historic Trail
Oregon National Historic Trail
Trail of Tears National Historic Trail (water route)
Potomac Heritage National Scenic Trail
Star-Spangled Banner National Historic Trail
Appalachian National Scenic Trail
Nez Perce (Nee-Me-Poo) National Historic Trail
Continental Divide National Scenic Trail
Florida National Scenic Trail

3. **Future Meeting Dates & Topics**
    a. Jan 19, 2027 - TBD
    b. Apr 20, 2027 - TBD

We always welcome suggestions for additional topics for discussion or presentations. Please contact us with your suggestions using the email address below.

NTS GIS Network Mission:
We established the NTS GIS Network as a way to connect the diverse array of National Trails System staff and partners who use GIS systems and products in their work. One of our goals is to facilitate the sharing of information and tools that help us do our jobs more efficiently and innovatively. Because the national trails system is managed as a collaboration of agencies and partner organizations, the NTS GIS Network is open to anyone.
